

THE UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE
FACULTY SENATE

Senate Document Number 6912S

Date of Senate Approval 03/15/12

Statement of Faculty Senate Action:

APC Document 57:

Change credit hours for DRAM 490

Effective Date: Fall 2012

1. Delete: On page 118, the title for **DRAM 490, Professional and Technical Internship**

490 Professional and Technical Internship (6)

Add: On page 118, in place of deleted entry:

490 Professional and Technical Internship (1-6)

Impact:

This change does not impact the department, but simply provides students with more credit variation in their professional internship experience.

Rationale:

Professional internship jobs, responsibilities, and lengths of study vary depending on the company and role of the student within the internship. Providing a greater degree of credit variation helps the faculty more appropriately match credits earned with the intensity of the work within these internship experiences.
