FACULTY SENATE

Senate Document Number 5913S

Date of Senate Approval 4/11/13

Statement of Faculty Senate Action:

APC Document 50:

**Change the name of the Sociology department to
Sociology and Anthropology**

Effective Date: Fall 2013

1. Delete: On pages 266-275, the page heading that reads:

SOCIOLOGY

Add : On pages 266-275, in place of deleted entry

SOCIOLOGY AND ANTHROPOLOGY

Impact Statement: None. There will be no impact on the resources and staffing of the Sociology and Anthropology department due to this change.

Rationale: Anthropology became a second major in our department beginning with Catalog year 2011-2012. It is therefore appropriate, following the model of Management and Accountancy, to have both majors listed in our department name. In addition, this will facilitate the visibility of the Anthropology major in the catalog.
