

THE UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE
FACULTY SENATE

Senate Document Number 10014S
Date of Senate Approval 5/01/14

Statement of Faculty Senate Action:

APC Document 87

**Change prerequisites for HWP 310, 316, 317, 420 and 455;
Remove completion of ILS HW requirement as prerequisite
from HWP 250, 253, 315, 350, 355, 360 and 365**

Effective Date: Fall 2014

1. Delete: On page 162, the prerequisite in **HWP 310, Health Promotion Theory and Practice:**

Prerequisites: HWP 190, and either HWP 250 or 350.

Add: On page 162, in place of deleted entry:

Prerequisites: HWP 190, 250.

Impact: None.

Rationale: All students are now required to take HWP 250, so having HWP 350 as an option isn't necessary.

2. Delete: On page 162, the prerequisite in **HWP 316, Maternal and Infant Health:**

Prerequisite: completion of the ILS Health and Wellness requirement.

Add: On page 162, in place of deleted entry:

Prerequisite: HWP 225.

Impact: None.

Rationale: Faculty determined that learning would be enhanced in HWP 316 if students had a background in nutrition.

3. Delete: On page 162, the prerequisite in **HWP 317, Child and Adolescent Health:**

Prerequisite: completion of the ILS Health and Wellness requirement.

Add: On page 162, in place of deleted entry:

Prerequisite: HWP 225.

Impact: None.

Rationale: Faculty determined that learning would be enhanced in HWP 317 if students had a background in nutrition.

4. Delete: On page 164, the prerequisite in **HWP 420:**

Prerequisites: BIOL 223 or HWP 284; BIOL 338 or HWP 294.

Add: On page 164, in place of deleted entry:

Prerequisites: BIOL 338 or HWP 294; BIOL 223 or HWP 295.

Impact: None.

Rationale: This brings the prerequisite listing in line with the new number for Functional Anatomy.

5. Delete: On page 164, the prerequisite in **HWP 455:**

Prerequisites: BIOL 223 or HWP 284; BIOL 338 or HWP 294;

Add: On page 164, in place of deleted entry:

Prerequisites: BIOL 338 or HWP 294; BIOL 223 or 295;

Impact: None.

Rationale: This brings the prerequisite listing in line with the new number for Functional Anatomy.

6. Delete: On pages 161-164, the prerequisite of the ILS Health and Wellness requirement in the following courses:

250	Health Parity: Domestic and Global Contexts
253	Health and Sexuality
315	Stress Management and Optimal Performance
350	Service Learning in Health Promotion
355	Exercise Prescription, Fitness and Lifestyle Assessment
360	Aging, Health and Active Living
365	Addiction, Drugs, and Health

Impact: None.

Rationale: Removing the prerequisite reflects the changes in the HWP major curriculum and the discontinuation of HWP as a requirement in the LAC.
