Statement of Faculty Senate Action:

**APC Document 8**

**Change prerequisites for EGM 484**

**Effective Date: Fall 2014**

**1. Delete:** On page 138, the prerequisites for EGM 484:

Prerequisites: EGM 360 and senior standing in JEM.

**Add:** On page 138, in place of deleted entry:

Prerequisites: EGM 360; ECE 301; MAE 301, 314, 435.

**Impact:** There will be no impact on the resources and staffing of the Engineering department at UNC Asheville as a result of this change.

**Rationale:** Students enrolling in the senior design project sequence need to have completed the content of the junior year of the curriculum prior to beginning the project. The previous prerequisite is interpreted by students to be their class standing based on completed number of credit hours rather than their level of completion of the curriculum.
