

THE UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE
FACULTY SENATE

Senate Document Number 11116S
Date of Senate Approval 05/05/16

Statement of Faculty Senate Action:

APC Documents 94 (ENGR): Add Special Topics courses in Engineering

Effective Date: Fall 2016

- 1. Add:** On page 145, Special Topics courses in Engineering, before **Courses in the Joint Engineering-Mechatronics Program (JEM):**

Courses in Engineering (ENGR)

171-4, 271-4, 371-4, 471-4 Special Topics in Engineering (1-4)

Courses not otherwise included in the catalog listing but for which there may be special needs. May be repeated for credit as subject matter changes. See department chair.

Impact: None. No additional departmental resources will be needed.

Rationale: The ENGR prefix currently exists in the catalog. However, no specific courses are attributed to it. The department is requesting to use this prefix so that these offerings are included in UNC Asheville's total credit hour count. The other existing Engineering prefixes are excluded from UNCA's student credit hour counts as they are part of the joint program with NC State (UNCA gets the tuition, NC State gets the credit hour count). Utilizing the ENGR prefix will distinguish courses that are taught by UNC Asheville's faculty for UNC Asheville students only, which would allow UNC Asheville to retain the student credit hour counts.
