

THE UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE
FACULTY SENATE

Senate Document Number 6116S
Date of Senate Approval 2/11/16

Statement of Faculty Senate Action:

APC Document 51: **Edit prerequisites for BIOL 210, 211, 333, 345 and 351 based on curriculum changes in Biology**

Effective Date: Fall 2016

1. Delete: On page 94, the prerequisite for **BIOL 210:**

Prerequisites: BIOL 115, 116 and 8 hours of chemistry for biology majors;

Add: On page 94, in place of deleted entry:

Prerequisites: BIOL 134, 135, 136; CHEM 111, 132 for biology majors;

2. Delete: On page 94, the prerequisite for **BIOL 211:**

Prerequisites: BIOL 115, 116 and 8 hours of chemistry for biology majors;

Add: On page 94, in place of deleted entry:

Prerequisites: BIOL 134, 135, 136 and 7 hours of chemistry for biology majors;

3. Delete: On page 95, the prerequisite for **BIOL 333:**

Prerequisites: BIOL 115, 210.

Add: On page 95, in place of deleted entry:

Prerequisites: BIOL 134, 135, 210.

4. Delete: On page 96, the prerequisite for **BIOL 345:**

Prerequisites: BIOL 116, 211;

Add: On page 96, in place of deleted entry:

Prerequisites: BIOL 134, 136, 211;

5. Delete: On page 96, the prerequisite for **BIOL 351:**

Prerequisites: BIOL 211.

Add: On page 96, in place of deleted entry:

Prerequisite: BIOL 134, 135, 136, 211.

Impact: Changes in prerequisites for these classes will direct students towards taking classes in the sequence that we feel is best, and discourage students from enrolling in classes for which they are not prepared. Students in programs that have upper-level biology classes as cognate requirements may have to take additional coursework, or gain instructor permission to enroll in a class.

Rationale: Editorial changes based on curriculum changes in the Biology department.
