Statement of Faculty Senate Action:

Faculty Senate (FS) Resolution 5

Sense of the Senate Resolution

The Faculty of UNC Asheville are deeply concerned about the recent passage of HB2, and its harmful impact on many North Carolinians and visitors to our state. A law that prohibits state and municipal agencies from protecting members of the LGBTQ community from discrimination is fundamentally at odds with our values of diversity, justice, and equal protection.

The Faculty of UNC Asheville fervently reaffirm our commitment to providing a safe, welcoming, and inclusive community of learning that aligns with UNC Asheville's mission and vision.
