SOC 393	Topics in Sociology of Culture	Fall 2013

Impact: These courses are being deleted because they have not been taught for 3-4 consecutive academic years and the departments do not want to retain them. There should be no impact on students or departments.

Rationale: University policy requires that courses not taught in the last four years be deleted from the catalog unless the department provides a rationale for keeping the course. The courses listed below are those that would have been deleted if the departments had not submitted justification for keeping the courses.

BIOL 340	Ornithology	Spring 2013
EDUC 342	Diagn Assessment /Instr Read	Spring 2006
HIST 309	History of the "Old South"	Spring 2013
