Impact: With the increase in credit hours for HIST 452, History majors will need 42 hours instead of 40. There will be no change in the credit hours required for Social Studies licensure as a result of increasing the credit hours for HIST 101, 102, 151, and 152 because the students will now take only two of the courses instead of all 4. The hours listed for the International Studies concentration will increase by 1 rather than 2 because IST 290 is 3 credits.

Rationale: These are editorial changes that reflect the changes to the History survey courses (101, 102, 151, 152) and HIST 452.
