What is your current position and length of service at UNC Asheville? (25 word maximum) *

Associate Professor in Environmental Sciences, hired in 2013

Why are you interested in serving in this position? (50 word maximum) *

My decade here at UNC Asheville has seen so many changes, and not enough in some areas. I have strong interests in applying equity and Universal Design in the classroom. I believe those methods can also facilitate better relationships amongst ourselves as faculty, especially in evaluation and promotion.

Please describe any relevant interests or experience you would bring to this position. (50 word maximum) *

I served as a Center for Teaching and Learning faculty fellow for the 2021-2022 academic year. I have participated in many programs through the CTL and other organizations on Universal Design and having meaningful conversations with students to enhance their UNCA experience and help them grow. I served one year on a professional society's DEI Committee and helped create a toolkit for equitable decisions, including awards and scholarships.
